WESTLAKE ROYAL ROOFING COMPONENTS™

# FYRATEK™

Fire & Ember Resistant Roof Underlayment

## ENGINEERED FOR WILDFIRE

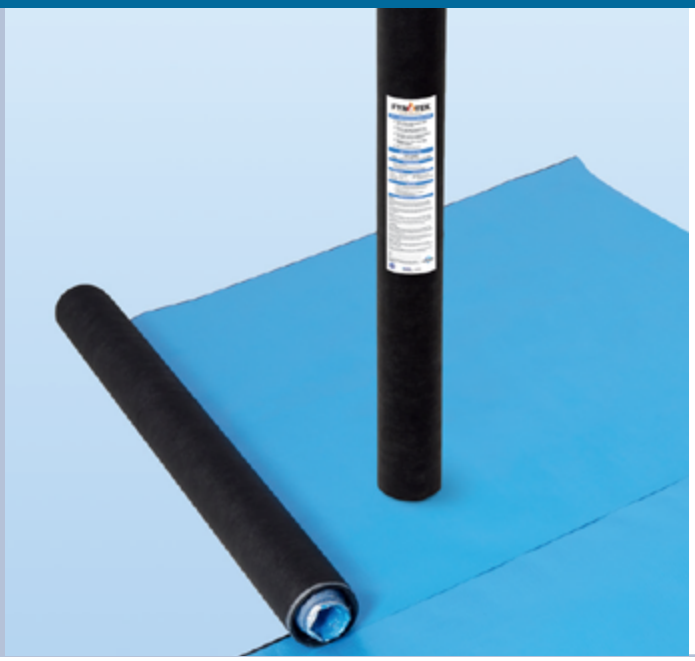
- **SUPERIOR FIRE PROTECTION** designed for best-in-class wildfire protection as listed in CAL FIRE Building Materials Listing (BML)*
- **NON-COMBUSTIBLE** aluminum surface resists embers and reflects heat
- **COOL BLUE SURFACE** minimizes sun glare for safer, easier installation
- **ENGINEERED FOR WILDFIRE**
- **LONG-TERM DURABILITY** backed by robust 30-year limited warranty

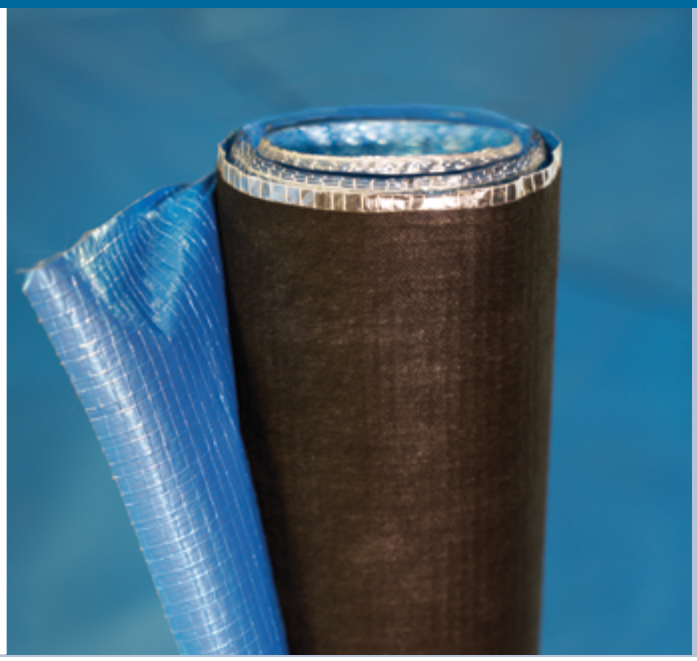
*See our website > Components Resourse Library > Code Approvals

# FYRATEK™

Fire & Ember Resistant Roof Underlayment

## YOUR SHIELD AGAINST FLAMES AND EMBERS





## WHY FYRATEK™ IS THE BEST CHOICE FOR WILDFIRE REGIONS

### Beyond Class A Fire Rating

The non-combustible foil surface is engineered to reflect heat and block burning embers from igniting the combustible deck a and structure beneath roof systems with an air space between the cladding and the deck. See CAL FIRE Building Materials Listing (BML)*

### Effortless Installation

FYRATEK underlayment is one of the most easily installed underlayment products available. It lays flat and is very stable under foot. The bottom surface grips the deck and the top surface's grid pattern provides superior foot traction. The blue coating helps reduce glare, making it easier and safer to install than other reflective foil underlayments.

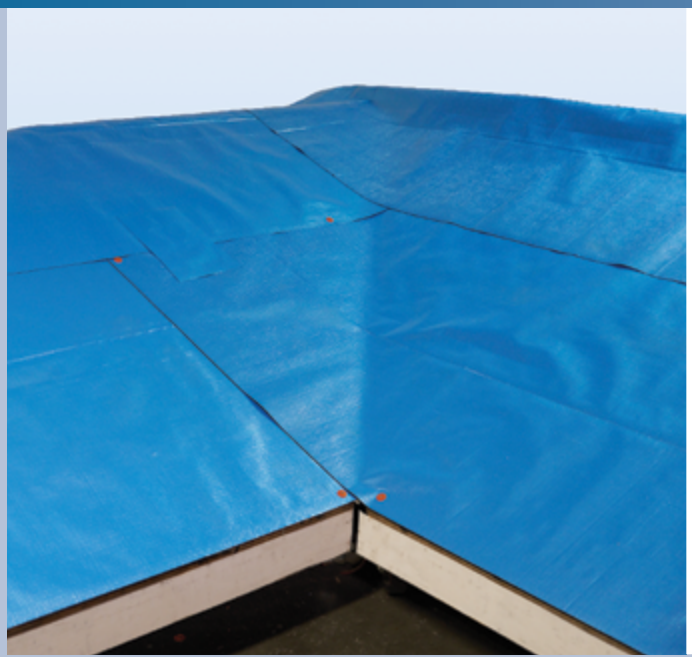
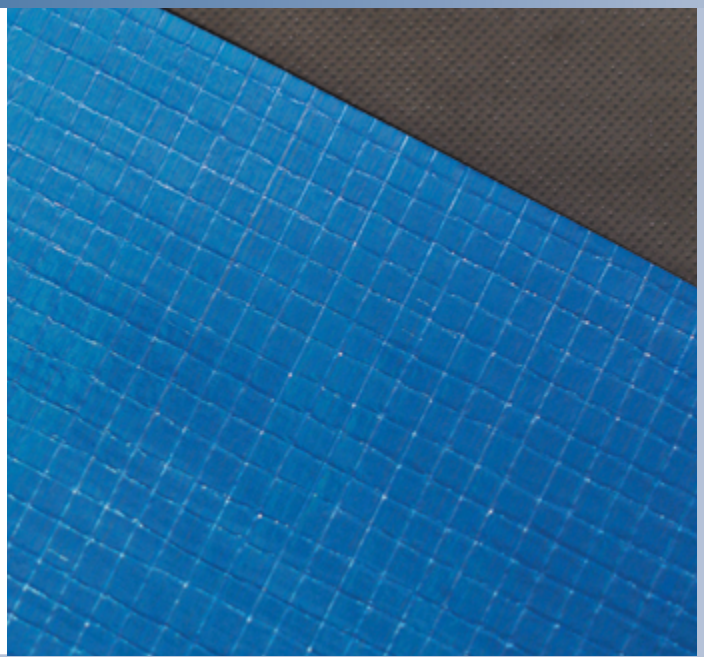
WESTLAKE ROYAL™
ROOFING COMPONENTS





WEATHER RESISTANT

## Durable Protection

FYRATEK is also a durable waterproofing membrane for the rigors of roof installation.

30
YEAR LIMITED WARRANTY

## Product Performance

FYRATEK underlayment is backed by a manufacturer's limited 30 year warranty.

## DID YOU KNOW...

HIGH & VERY HIGH WILDFIRE REGIONS

FYRATEK underlayment is listed with California's Office of the State Fire Marshal (CAL FIRE) to be used in fire-resistant roof systems in Wildland Urban Interface (WUI) areas such as High and Very High Wildfire designated regions in California.

**No other roof underlayment delivers FYRATEK's unmatched defense — fire resistance, effortless installation, and lasting protection where it matters.**
